1. [REDACTED] In satisfaction of a requirement imposed by Representative Durward Hall (R., Mo.), spoke with Mr. Jim Robinett, Legislative Assistant to Representative Hall, advising that we were sending a letter to the effect that [REDACTED] has 25X1 and is rendering valuable services to the Federal Government. Robinett said that the official objectors on the Republican side would follow Congressman Hall's lead if he now withdrew his objections to the bill. I will advise Mr. Jim Cline, Counsel, Subcommittee on Immigration and Nationality, of this action 25X6 in hopes that the bill can clear the next Private Calendar scheduled for 5 August.

3. [REDACTED] Spoke with Angela Jakobowski, in the office of Representative John V. Tunney (D., Calif.), concerning their 30 July 1969 referral of [REDACTED] for possible employment and asked if they really wanted us to consider the case in light of the statement in [REDACTED] letter that he would like to try any kind of work "... with an exception od (sic) intelligence work." Miss Jakobowski said that the case had been referred to us at the suggestion of AID and State, but that obviously it was her oversight and she will seek to get a clarification from [REDACTED] as to whether he would object to consideration for intelligence work. She asked that we hold the referral until we hear from her.

9. [redacted] Met with Senator J. W. Fulbright regarding his 17 July query to Secretary Laird concerning a [redacted]

[redacted] I reminded the Senator that Carl Duckett had briefed him on this on 7 May. He recalled the briefing and said he understood the sensitivity of the matter and would deal with it accordingly, but he could not remember what had spurred his inquiry or even the fact that he had signed the letter to Secretary Laird in this connection. He suggested I take the matter up with Carl Marcy, Chief of Staff of the Senate Foreign Relations Committee.

25X6

I met with Carl Marcy and told him in very general terms of the nature and sensitivity of the project and asked his cooperation in protecting its security. He too was vague on the background of the Senator's query to Laird, but said he recalled that Fulbright had "gotten some inquiries from [redacted] regarding the installation. Marcy also recalled "having heard something about this" from Joe Wolf in the State Department. Marcy said he would look into it further and assured me that he would cooperate in maintaining the necessary security.

1. [REDACTED] Talked to Mr. John R. Blandford, Chief Counsel, House Armed Services Committee, who advised that the Chairman will want a transcript of the Director's briefing of the full Committee on Tuesday. It was agreed that due to the content of the briefing, however, the Agency should maintain control of the transcript as in the past.

3. [REDACTED] Received a call from Mr. Robert Fleming, assistant to Representative Claude Pepper (D., Fla.), who is seeking information for a constituent and friend of Representative Pepper concerning the possible establishment of a transmitter in the Miami area beamed at Castro's Cuba. I referred Mr. Fleming to Mr. Jack Leahy, in the office of the Assistant Secretary of State, Legislative Affairs, as the appropriate source of information for an open response from Representative Pepper. Mr. Leahy has been advised.

25X1

4. [REDACTED] Jack Sullivan, Staff Consultant, Subcommittee on National Security Policy and Scientific Developments, House Foreign Affairs Committee, called to say that Subcommittee Chairman Clement Zablocki wished the Director to testify before the Subcommittee on Soviet MIRV testing on either Tuesday, 29 July, or Thursday, 31 July. I said Tuesday was out of the question because of the Director's appearance before the House Armed Services Committee but I would call back regarding Thursday. I said we normally preferred such Subcommittee briefings to be cleared with the Chairman of the full Committee and asked whether Chairman Morgan had been consulted on this. Sullivan said this had not been done, but reluctantly agreed to take the matter up with Boyd Crawford, Staff Administrator for the full Committee.

3. [REDACTED] Senator Birch Bayh (D., Ind.) breakfasted at Headquarters with the Director and Messrs. R. Jack Smith, Carl Duckett, Cord Meyer and me. While driving the Senator to Headquarters, I reviewed the background of the Ervin bill, and during breakfast Bayh commented favorably on the draft statement for the Subcommittee meeting on 22 July. The Director gave the Senator a general orientation briefing regarding the intelligence aspects of the Safeguard debate, etc. Mr. Duckett then answered the Senator's questions regarding Soviet weapons and Mr. Smith regarding the estimating process. The Senator appreciated the briefings and promised to do what he could in connection with the Ervin bill. He said he and his wife were visiting the USSR in August, and he accepted our suggestion for a defensive briefing prior to his departure. He would also appreciate some ideas on what Soviet personalities he might try to see, and what subjects to discuss with them.

25X1A

4. [REDACTED] General Counsel, NSA, called to say he had heard we were appearing next week before the Ervin Subcommittee and wondered whether we planned to speak in behalf of the whole community. I said the Director's statement was still in preparation but I was sure that he would make a strong pitch on behalf of the community, particularly including NSA, as well as CIA. [REDACTED] said he would send over a statement which he had prepared earlier for General Carter's possible use in case we should want to draw on some of it. I agreed to keep [REDACTED] informed on how the matter develops.

25X1

5. [REDACTED] Briefed Representative John Culver (D., Iowa) regarding an African visitor in whom he had been interested, and concerning whom he had grilled State Department officials. (See Memo for the Record.)

25X1

6. [REDACTED] Assistant Secretary of State Joseph Palmer called to ask about the above meeting with Representative Culver and seemed reasonably satisfied with what I told him. (See Memo for the Record.)

6. [REDACTED] Received a call from Mr. Daniel Cohen, on the staff of Representative Abner J. Mikva (D., Ill.). Cohen said he would like any regulations or written material that we could give them on the Agency's security classification guidelines. He referred to the "Eisenhower Executive Order" as the benchmark on this. He said they had received copies of the State Department and DOD regulations and would like to have anything which we could provide them. I told Cohen that I was quite certain that anything we had on this was classified in and of itself I would check on it and be back in touch with him.

I called Mr. John Leahy, in the State Department Liaison Office, about this. He said Congressman Mikva had queried the Department and he would have someone in their office advise me as to the nature of the response.

1. [REDACTED] Met with Mr. Arthur Kuhl, Senate Foreign Relations Committee staff, who advised that the corrected transcript and a covering memorandum forwarded by the Defense Department were received Tuesday evening, but the content of the memorandum coupled with Secretary Laird's request that the memorandum be included in the published transcript required determination by the Chairman which is delaying sending the transcript to the printers. It is Mr. Kuhl's feeling at this point that if galley proofs can be obtained by the end of the day on Thursday the Chairman will probably request corrections by Monday and forward them to the printers on Monday. Since this matter is rather indefinite at this moment, however, he advised that he would call me in the morning or as soon as definite information is available during the day.

2. [REDACTED] The four Committee copies of the transcript of the DCI/Laird testimony of June 23 before the Senate Foreign Relations Committee were forwarded to the Committee for their use and returned to the Agency for safekeeping at the close of business. The transcripts will be returned to the Committee for their use on Thursday morning, 3 July.
